Therapy Agreement

We at Developing Connections welcome you and appreciate the opportunity to serve you. The following is important information regarding our office policies. Please read them carefully to be sure you understand them. Your therapist will be able to answer any questions you may have.

Billing:

Your primary insurance provider will be billed first, then secondary insurance following. If you do not have Medicaid, you may owe co-pays and deductibles.

Attendance/Cancellation Policy:

Due to the number of clients on our waiting list, the cancellation of 2 sessions or more may result in the time slot being reassigned to a client waiting for services. At that time, you will be placed back on a waiting list until another time slot becomes available. The cancellation of a session without a 24 hour notice may be subject to immediate placement on our waiting list.

Developing Connections reserves the right to reschedule any sessions and will notify you as soon as possible in such an event.

I have read this agreement, and I understand and agree to the following terms of agreement.
